

Our High School division prides itself on a vast array of subject courses that students have access to, to shape their own unique learning journey, to meet their strengths and future aspirations. Please carefully read through our Course Selection Handbook, to understand our different pathway options, alongside the respective course options.

Please note that some courses are only available in alternate years and we require a minimum of 13 students to run a course. Furthermore, once a course is full, students will need to consider a second or third option.

Entry into the full IB Diploma (Grades 11 and 12), is subject to a Program Coordinator interview.

Entry to other Grade 11 and 12 Courses are subject to an interview with an Academic & College Counsellor. Interviews will take place shortly prior to the student's start date or on the first day of school.
